History and Future of PEM Colloquium

Vadim Zaytsev, SWAT, CWI
2012
The history

List of presentations in 2012 (latest first)

(PEM) TBA.
Date: 26 January 2012.
Speaker: Alexander Serebrjakik (Software Engineering & Technology Group, TU/e).

(PEM) Agile Quality Assurance.
Date: 25 January 2012, 11:00, L016.
Speaker: Serge Demeyer (Universiteit Antwerpen).

Drawing Tidy Trees Timely.
Date: 20 January 2012, 11:30, L017.
Speaker: Atze van der Ploeg (SWAT).
Materials: [Abstract] [Slides] [Movie]

History and Future of PEM Colloquium.
Date: 20 January 2012, 11:00, L017.
Speaker: Vadim Zaytsev (SWAT).
Materials: [Abstract] [Slides]

Page generated on 20/01/2012. All material on this website is © by PEM speakers unless stated otherwise.

The list is maintained by Vadim Zaytsev. Older abstracts are recovered by Vadim Zaytsev from Jurgen Vanjy's email archive: URLs mentioned there are not guaranteed to work.
The history

List of presentations in 1997 (latest first)

**PEM** Little Languages — Little Maintenance.
Date: 27 November 1997, 10:00, F013, WINS, UvA.
Speaker: Arie van Deursen.
Materials: [Abstract]

**PEM** Compiling ASF+SDF specifications: the Next Step.
Date: 20 November 1997, 10:00, F013, UvA WINS.
Speaker: Mark van den Brand.
Materials: [Abstract]

**PEM** Remarks on ToolBus Implementation.
Date: 13 November 1997, 10:00, F013, UvA WINS.
Speaker: Jan Friso Groote.
Materials: [Abstract]

**PEM** Graphical Representations of Algorithms, Structures, and Processes.
Date: 9 October 1997, 10:00, F013, UvA WINS.
Speaker: James H. Cross II, Ph.D. (Auburn University, USA).
Materials: [Abstract]

**PEM** A Case Study in Optimizing Parsing Schemata by Disambiguation Filters.
Date: 11 September 1997, 10:00, F013, UvA WINS.
Speaker: Elco Visser.
Materials: [Abstract]

**PEM** Debugging Heterogeneous Distributed Applications.
The history
The (recent) history

2011
Do you have any email archive?

- in particular of 2009 and 2010

Do you have any slides of your previous talks?

Do you want to release your slides to the public or to the group?
The present

- SWAT meetings
- PEM presentations
- Brainstorming sessions
- Strategic meetings
- Invited speakers
- Related outsiders occasionally visiting
<table>
<thead>
<tr>
<th>SWAT</th>
<th>PEM</th>
</tr>
</thead>
<tbody>
<tr>
<td>★ Ongoing research</td>
<td>★ Emerging results</td>
</tr>
<tr>
<td>★ Advances important to the team</td>
<td>★ Publishable advances</td>
</tr>
<tr>
<td>★ Unpolished material</td>
<td>★ Pre-conference talks</td>
</tr>
<tr>
<td>★ Internal discussions</td>
<td>★ Advertisement material</td>
</tr>
<tr>
<td>★ Mostly Rascal/FP/SCAM/Vis/...</td>
<td>★ Invited visiting speakers</td>
</tr>
<tr>
<td>★ sen1-list</td>
<td>★ Much broader scope: SE/CS/Prg/...</td>

</tbody>
</table>
The future

★ Day of the week?
★ There is ALWAYS a talk.
★ Preferably one talk (exceptions for visitors)
★ Name?

✦ PEM = Programming Environment Meeting
✦ SEM = Software Engineering Meeting
★ ...
